Letter No. D.C. 262-30 D. 13.12.30 from Secy. P.W.D. to Collr. : Forwards for issue the Board's resolution that rule 21 of the rules issued with Govt. D. 5.2.27 be amended so as to afford the P.W.D. Executive the same facilities that are now given to Ex. Engineers in the matter of execution of road works.

Under the rule tenders have to be called for in respect of works exceeding Rs. 1000 before entrusting the work to a contractor. It is now stated that this procedure involves delay in the execution of the works as the materials have to be collected only after the tenders are finally decided & it is requested that in case of road works the same powers may be given to the President as in the case of Ex. Engineers. What these powers are, does not stated. The Chief Engineer may perhaps be consulted

Office of the President, District Board

Kolar District,

Dated, Kolar, the 13th December 1930.

REV. SECTT.
GEN 3236
20 DEC. 19
L. S. G. BRANCH

From

L. VEMA REDDY, Esquire,

President, District Board, Kolar.

To

The Secretary to the Government

of Mysore, Law Depts., Bangalore.

Thro' The Deputy Commissioner, Kolar District.

Sir,

I have the honour to state that under rule Rule 21 of the Rules issued with Government notification No.L.5470 L.B.25-26-55 dated 5th Fenry.1927, it is obligatory for the District Board to call for tenders before any contract for the execution of Public works, the cost of which is estimated to exceed Rs.1000/- is entered into by them. In practice, this procedure is found to be rather inconvenient in respect of road repair works. There are several permanent contractors for District Fund roads maintained by the Board agency and these contractors generally collect road materials in proper season and are ready to start the works soon after the estimates are sanctioned. If tenders are called for and these works are entrusted to others, there will be delay in execution of the works not to speak of the hardship caused to the permanent contractors. It is ascertained that the Executive Engineers in the P.W.D. are competent under the departmental Rules to carry out all road repair works (special and ordinary) in their charge without calling for tenders. It is very desirable that the District Board also should be empowered to carry out all road repair works in their charge without tenders. The matter having come up before the District Board at their meeting held on 3-11-1930 the Board have resolved that Government be requested to amend the rule referred to above so as to create the same facilities to the District Board President in the matter of execution of road

Proceedings of the Kolar District Board Meeting held on the

3rd November 1930.

xx

51. Read the Office note suggesting the desirability of having the Rule 21 of the Rules issued under the District Board Regulation amended so as to enable the District Board to carry out the rod works costing over Rs.1000/- without calling for tenders.

Resolution of the Standing Committee: There are permanent contractors for road works. As it is essential that they should collect the required road materials, such as metal etc., in proper season and have them ready for works to be started soon after orders are issued to them, all estimates for road repair works (both ordinary and special) not including big bridges etc., be exempted from the operation of the rule, irrespective of the amount of estimates and a recommendation be made to Government accordingly.

Government be requested to amend the Rule also as to create the same facilities to the District Board in the execution of road works as are afforded to the Executive Engineer in the P.W.D.
